june4 DR. BRANDRETH'S GENUINE PILLS Doctor Sangrado's system still Lives in the world, to kill, to kill !

THIS system does indeed live still, and is practised by the very "men who laugh at Dector! Sangrado as a visionary fool. The immaculate Faculty!! Let this truth be impressed upon avery mind that all pain and weakness proceed from the presence of morbid, stagnant and corrupt humors IT THE BODY by which the circulation of The blood is impeded, and that the only sensible method is to remove them from the stomach & bowels, then take

Brandreth's Pills, concouled forth From the pure products of the earth; They own no after and alloy,

They often save, but ne'er destroy! RUEEDING ALWAYS IMPROPER,

"For the life of the flesh is in the blood." Levilicus, chapter xvii. v. 11. When the profession of BRANDRETE'S VEGETABLE UNIVERSAL PILLS shall have been appreciated, bleeding will un longthe impure humors from the body, by the stomach and bowels, than bleeding to the extent of forty ounces could possibly have done, and it should be remembered that the Pills remove ONLY these part from the blood which were the cause of inflammation; whereas bleeding removes the essential parts also. How great the prostration of all the corporeal powers after a copious bleeding! On the contrary, what agility and strength is after a dose of this medicine; the body is indeed lightened of a load. Nothing is equal to ridding the vitiated humors with a vegetable medicine of this kind, which 84 years have proved never to do injury, but always good. Is the pulse too high? A dose of these I'ills will bring it down. Is it too low? the same means will increase it to a proper standard. Is it tremulous, showing nervous excitement? the Pills by soothing the system will allay it

Thousands of the most respectable citizens of the United States will be referred to with pleasure by Dr. B. who have for many years been in the habi of being bled as often as four times in a year; and whose constitutions, in consequence, were becoming weaker and weaker, but who, since they have made use of these Pills, have never lost a drop of their precious blood. When any of their old symptoms appeared, instead of running to a Doctor and having a vein opened, they have swallowed six or eight Pills, which soon removed the vitiated humors that were impeding the bloot in its circulation. Those ensible people, simply by the use of these invaluable Pills, are increasing every day the powers both of body and mind, which, by the practice of bleeding. were both becoming dreadfully impaired.

The following cases of cure, by the use of Brand-reth's Pills, alone, are submitted with respect, to

the unprejudiced portion of the Boston public:
ASTHMA CURED. The following extraordi tary case of Asthma, which is authenticated by seventeen respectable and well known inhabitants of Greenwich, Ct., deserves, by all persons, a carein perusal. The most prejudiced must own that evidence is on the side of these Pills, which, by the cures they are daily making show there is no neces-

sity for any other medicine.
This is to certify that Thomas S. Brown of treenwish, C., was taken with a cold, numb feeling, on the 13th of June fast. He began to cough and raise phlogm and in the course of twenty-four hours about two quarts of thick white jelly was ex-pectorated. Three physicians in Stamford, Green wich, and Sawpits, pronounced it a nervous liumid spasmodic Asthma, and after prescribing for some time to no effect, the three consulted together, and finally declared that they could do him no good; it Sgood an assertment can be found at 62 Main would and must result in consumption, and death difficulty in breathing was such as almost to cause strangulation. He was reduced to a mere skeleton, and finally gave himself up to death. After being in this miserable state nearly two months, he saw an advertisement of Dr Brandreth's Vegetable Universal Pills, and immediately sent by Capt. J. War, the functions of the liver are deranged, and the flow ing of Greenwich, for a box, and found relief in the course of a few days, which encouraged him to persevere, and now having taken them for about Produce on terms that cannot fail to please purcha- four months according to the direction, is entirely recovered, and so far as we can judge, in consevalueble.

These Pills are composed entirely of materials extected from Medical Plants, and are warranted not o contain one particle of mercury, or any mineral substance Dr. Kingley, the inventor of this valuable medicine, from his knowledge of the human system derived from a long and extensive practice has arrived to the conclusion, that the great and primary cause of most diseases is a derangement in the functions of the livery or in other vorils an in creased or diminished secretion of the l'ile.

So well is this understood, that it is common for ersous to say when they feel unwell that they are bilious, meaning that they have too much bile in the stomach. On the other hand, when the flow of bile is diminished, the process of digestion is imperfectly performed, the patient becomes weak and emaciated because nourishment contained in the food taken into street as at any store in the city, all of which would cusue, and that in a very short time. Every one who seffects upon the subject a moment, will perceive that impurity of the blood is a secondary, not a primary complaint the effect, and not the cause of the disease. When the effect, and not the cause of the disease. When of hile increased, it is often taken up by the absorb-ent vessels and carried into the circulation, and becomes mingled with the blood as in Jaundice, when the patient shows it in his countenance. Now this prate proximity to a region abounding in the impurity of the blood is caused by an increased flow of the bile, and to remedy it you must correct the already productive of serious inconvenience;

Dr. Kingley flatters himself that his long experi menting with vegetable medicines has enabled him to discover the true and only substitute answering all the purpose of mercurials, without any of their attendent evils. One great quality of his family Pills is, that they have the alternive principle comhined with their cathartic or operative quality, so that they not only cleanse the stomach and bowels by purging, but they regulate the liver. change the rbid secretions, strengthen the digestive organs purify the blood, invigorate the circulation, and give time and energy to the nervous system.

Genary and out-buildings, and one hundred and fifty acres of highly cultivated meadow land adjoining. The whole estate is abundantly supulied with springs of excellent water, and streams, with water power sufficient for saw mills, grist mills, forges, furnaces, &c. It is situated on the Moshannon and Clearfield Creeks, about ten miles from the river Susquehanna on the north, to which the Moshantion and Clearfield Creeks afford navigable outlets in time of freshets, and about twenty five miles from the PENNSYLVANIA CARAL on the southeast, to which a highly favorable route is presented for the construction of a Rull Road to the Juniary Division of the Pennsylvania Canal, through a nortion of Huntington-County, abounding in IRON ORE, o the finest quality, where a number of forges and furnaces have been long established, but which are laboring under difficulties from the WART OF THIS COAL. A charter has been obtained for the construction of the rail road, THE LOCATION OF WHICH IS COMPLETED, and the estimates furnished, proparatory to a commencement of the work. distance from the COAL MINES to the CANAL is only twenty eight miles.

The magnificent timeer upon this estate consists of all the varieties usually found in Penn-sylvania, but the WHITE PINE, which is MORE PAR-TICULARLY ABUNDANT, is of the largest description, fit for MASTS, SPARS, PANNEL ROAMER, &c. and of an excellent quality. A HIGHLY FAVORABLE CHARTER has been granted by the Legislature of Pennsylvania containing mining, Manufaturing and Trans-FORTING PRIVILEGES for a period of SIXTY YEARS. authorizing a company to hold this estate in a cor parate capacity, and to convey to market its vast esources.

Family circumstances however, having occurred prevent the proprietor from individually accomplishing this important enterprise, he would be wiling th sell, ON LIBERAL TERMS, the whole property to a respectable company, who would carry out the provisions of the charter, to whom, of course, he would transfer all its privileges, or he would self
